

# ***CITY HALL RALLY!***

For every HDFC homeowner in NYC

Protect your home and its value!

Fight for your right to self determination!

## **Wed. June 21st 9:30am sharp**

**The HDFC Coalition asks you to join us outside City Hall to**  
**STAND AND FIGHT!**

The Mayor and HPD want to change the rules for HDFC co-ops and we demand a seat at the table! We will not let our hard-earned equity be taken away from us, and we will not give up control to “monitors” installed by HPD that we would have to pay for! We will not allow the City to take away our DAMP tax abatement that makes our buildings affordable! We will not be forced to sign an unwanted, unnecessary and onerous new Regulatory Agreement!

Be a part of NYC history as HDFC shareholders representing 33,000 cooperative apts. from 1,275 buildings demand that City Hall recognize our political power as we make them understand that we won't be told what to do! We vote and we demand to be heard! Don't miss it!
