**Where:** Theater for the New City, 155 First Avenue

Please come and get involved – these changes proposed by the City and HPD will impact us a profound and permanent way if we don't take a stand against them. Unless we fight back and make our voices heard, we will no longer have the freedom to run our buildings the way we want to; we will be treated like bad little children who need to be watched at all times by total strangers who care nothing about us, our building history, or the love and labor we expended on
