
LOCAL LAW 64 HURTS HDFCS!

Please join the HDFC Coalition and sign this petition asking the NYC City Council to amend Local Law 64 to fully exempt HDFC cooperatives. If the law is not amended quickly, in July 2020 we will all be required to list our HDFC apartments on a NYC government website, and we will be fined up to \$2,000 per month if we don't register them. The elderly, those without computers, those who don't speak English and the disabled will be fined because they cannot comply. This is an invasion of our privacy, and we will also be exposed to lawsuits for not responding to the thousands of expected applications when we would have to list our apartments for sale on this website. This law is so ridiculous, even the NYC Department of Housing Preservation and Development (HPD) opposed it. Please collect as many signatures as you can. Then: (1) first make a copy of all signed pages and keep the copy for yourself, (2) deliver in person the original pages at your local City Council Member's district office, and (3) Please scan the original pages and email them as a PDF to hdfccoalition@gmail.com so we can submit them together to the City Council as a citywide HDFC response.

THANK YOU FOR ORGANIZING AGAINST NYC LOCAL LAW 64!

Please ask every HDFC shareholder to go to the HDFC Coalition website at www.hdfccoalition.org and sign up on our mailing list (link at top of website) to get notices on important HDFC issues affecting our community. Membership is free.

Please see instructions on first page for copying and delivering this petition to your local NYC Council Member and the HDFC Coalition.
